English (original instructions)

Your product has been engineered and manufactured to Greenworkstools high standard for dependability, ease of operation, and operator safety. When properly cared for, it will give you years of rugged, trouble-free performance.

SAVE THIS MANUAL FOR FUTURE REFERENCE

GENERAL SAFETY RULES

⚠ WARNING

Read all safety warnings and all instructions. Failure to follow the warnings and instructions may result in electric shock, fire and/or serious injury.

SAVE ALL WARNINGS AND INSTRUCTIONS FOR FUTURE REFERENCE.

BEFORE USING (THIS POWER TOOL)

- Do not leave appliance plugged in. Unplug from outlet when not in use and before servicing.
- Do not allow to be use as a toy. Close attention is necessary when used by or near children.
- Use only as described in this manual. Use only manufacturer's recommended attachments.
- Do not use with a damaged plug or cord. If the tool is not working as it should, or if it has been dropped, damaged, left outdoors, or dropped into water, return it to an authorized service center.
- Do not pull or carry by the cord, use the cord as a handle, shut a door on the cord, or pull the cord around sharp edges or corners. Do not run appliances over the cord. Keep the cord away from heated surfaces.
- Do not unplug by pulling on the cord. To unplug, grasp the plug, not the cord.
- Do not handle the plug or any other appliances with wet hands.
- Do not put any object into openings. Do not use if any openings are blocked. Keep openings free of dust, lint, hair, and anything that may reduce air flow.
- Keep hair, loose clothing, fingers and all body parts away from openings and moving parts.
- Turn off all controls before unplugging.
- Use extra care when cleaning on stairs.
- Do not use to pick up flammable or combustible liquids, such as gasoline, or use in areas where they may be present.

⚠ WARNING

When using power tools, basic safety precautions should always be taken to reduce the risk of fire, electric shock and personal injury. Also, please read and heed the advice given in the additional safety instructions.

- Do not operate power tools in an explosive atmosphere, such as in the presence of flammable liquids, gases, or dust. Power tools create sparks that may ignite the dust or fumes.
- Avoid body contact with grounded surfaces such as pipes, radiators, ranges, and refrigerators. There is an increased risk of electric shock if your body is grounded.
- Do not expose power tools to rain or wet conditions. Water entering a power tool will increase the risk of electric shock (Store indoors).
- Do not handle or plug-in tools with wet hands.
- Never allow children to operate the equipment. Never allow adults to operate the equipment without proper instruction.
- Wear eye protection that is marked to comply with ANSI Z87.1 when operating this product.
- Wear hearing protection.
- Wear heavy long pants, boots, and gloves. Avoid loose garments or jewellery that could get caught in moving parts of the machine or its motor.
- Do not force the tool. Use the correct tool for your application. The correct tool will work more efficiently and safely when it is used at the rate that it was designed to work at.
- Do not operate the equipment while barefoot or when wearing sandals or similar lightweight footwear. Wear protective footwear that will protect your feet and improve your footing on slippery surfaces.
- Secure long hair so it is above shoulder level to prevent entanglement in any moving parts.
- Keep firm footing and balance. Do not overreach. Overreaching can result in loss of balance.
- Do not allow children or untrained individuals to use this unit.
- Avoid accidental start-ups. Be sure the power switch is not on before plugging in. Turn off power switch before unplugging.
- Do not use the tool if the switch does not turn it on or off. Any tool that cannot be controlled with the switch is dangerous, and must be repaired.
- Do not leave the tool unattended when plugged in. Unplug from the power outlet when not in use, before servicing, and before storing the tool. Such preventative safety measures reduce the risk of starting the tool accidentally.

English (original instructions)

- Keep all bystanders, children, and pets at least 50' (15 m) away.
- For household use only.
- For use only with (GAW 100, GL 900) battery pack.
- For use only with GC 400 charger.
- Do not operate this unit when you are tired, ill, or under the influence of alcohol, drugs, or medication.
- Do not operate in poor lighting.
- Keep all parts of your body away from any moving parts and all hot surfaces of the unit.
- Check the work area before each use. Remove all objects that can be thrown or become entangled in the machine, such as rocks, broken glass, nails, wire, or string.
- Use only identical manufacturer's replacement parts and accessories. Use of any other parts may create a hazard or cause product damage.

FOR BATTERY OPERATED POWER TOOLS :

- Prevent unintentional starting. Ensure the switch is in the off-position before connecting to battery pack, picking up or carrying the appliance. Carrying the power tool with your finger on the switch or energizing power tool that have the switch on invites accidents.
- Disconnect the battery pack from the power tool before making any adjustments, changing accessories, or storing the power tool. Such preventive safety measures reduce the risk of starting the power tool accidentally.

EXCEPTION: this instruction is not applicable for batteries that cannot be disconnected from the power tool in normal use.

- Recharge only with the charger specified by the manufacturer. A charger that is suitable for one type of battery pack may create a risk of fire when used with another battery pack.
- Use appliances only with specifically designated battery packs. Use of any other battery packs may create a risk of injury and fire.
- When battery pack is not in use, keep it away from other metal objects, like paper clips, coins, keys, nails, screws or other small metal objects, that can make a connection from one terminal to another. Shorting the battery terminals together may cause a fire.
- Under abusive conditions, liquid may be ejected from the battery; avoid contact. If contact accidentally occurs, flush with water. If liquid contacts eyes, seek medical help. Liquid ejected from the battery may cause irritation or burns. (This advice is considered correct for conventional NiMH, NiCd, lead acid and lithium-ion cell types. If this advice is incorrect for a cell design that differs from these, then the correct advice may be substituted.)
- Do not use a battery pack or appliance that is

damaged or modified. Damaged or modified batteries may exhibit unpredictable behavior resulting in fire, explosion or risk of injury.

- Do not expose a battery pack or appliance to fire or excessive temperature. Exposure to fire or temperature above 130°C may cause explosion. The temperature of 130°C can be replaced by the temperature of 265°F.
- Have servicing performed by a qualified repair person using only identical replacement parts. This will ensure that the safety of the product is maintained.

SERVICE

- Have your power tool serviced by a qualified repair person using only identical replacement parts. This will ensure that the safety of the power tool is maintained.

English (original instructions)

Some of the following symbols may be used on this tool. Please study them and understand their meaning. Proper interpretation of these symbols will allow you to operate the tool better and safer.

| SYMBOL | NAME | DESIGNATION/EXPLANATION |
|--------|----------------------------|---|
| V | Volts | Voltage |
| A | Amperes | Current |
| Hz | Hertz | Frequency (cycles per second) |
| W | Watts | Power |
| min | Minutes | Time |
| ~ | Alternating Current | Type of current |
| -- | Direct Current | Type or a characteristic of current |
| /min | Per Minute | Revolutions, strokes, surface speed, orbits etc., per minute |
| | Wet Conditions Alert | Do not expose to rain or use in damp locations |
| | Read The Operator's Manual | To reduce the risk of injury user must read and understand operator's manual before using this product. |
| | Eye and Hearing Protection | Wear eye and hearing protection that is marked to comply with ANSI Z87.1 when operating this equipment. |
| | Safety Alert | Precautions that involve your safety. |
| | Long Hair | Failure to keep long hair away from the air inlet could result in personal injury. |
| | Loose Clothing | Failure to keep loose clothing from being drawn into air intake could result in personal injury. |
| | Keep Bystanders Away | Keep all bystanders at least 50 ft. away. |
| | Blower Tubes | Do not operate without tubes in place. |
| | Ricochet | Thrown objects can ricochet and result in personal damage. |
| | Impeller Blades | Rotating impeller blades can cause severe injury. |
| | Class II Construction | Double-insulated construction |

English (original instructions)

SYMBOLS

The following signal words and meanings are intended to explain the levels of risk associated with this product.

| SYMBOL | SIGNAL | MEANING |
|--------|-----------------|--|
| | DANGER: | Indicates an imminently hazardous situation, which, if not avoided, will result in death or serious injury. |
| | WARNING: | Indicates a potentially hazardous situation, which, if not avoided, could result in death or serious injury. |
| | CAUTION: | Indicates a potentially hazardous situation, which, if not avoided, may result in minor or moderate injury. |
| | CAUTION: | (Without Safety Alert Symbol) Indicates a situation that may result in property damage. |

SERVICE

Servicing requires extreme care and knowledge and should be performed only by a qualified service technician. For service we suggest you return the product to your nearest AUTHORISED SERVICE CENTRE for repair. When servicing, use only identical replacement parts.

WARNING

The operation of any power tool can result in foreign objects being thrown into your eyes, which can result in severe eye damage. Before beginning power tool operation, always wear safety goggles, safety glasses with side shields, or a full face shield when needed. We recommend Wide Vision Safety Mask for use over eyeglasses or standard safety glasses with side shields. Always use eye protection which is marked to comply with EN 166.

DESCRIPTION

1. Blower tube
2. Power cord
3. Trigger
4. Cruise control lever

ASSEMBLY

UNPACKING

This product requires assembly.

- Carefully remove the product and any accessories from the box. Make sure that all items listed in the packing list are included.

⚠ WARNING

Do not use this product if any parts on the Packing List are already assembled to your product when you unpack it. Parts on this list are not assembled to the product by the manufacturer and require customer installation. Use of a product that may have been improperly assembled could result in serious personal injury.

- Inspect the product carefully to make sure no breakage or damage occurred during shipping.
- Do not discard the packing material until you have carefully inspected and satisfactorily operated the product.

⚠ WARNING

If any parts are damaged or missing do not operate this product until the parts are replaced. Use of this product with damaged or missing parts could result in serious personal injury.

⚠ WARNING

Do not attempt to modify this product or create accessories not recommended for use with this product. Any such alteration or modification is misuse and could result in a hazardous condition leading to possible serious personal injury.

English (original instructions)

⚠ WARNING

To avoid serious personal injury, the blower tube must be used when operating this unit.

NOTE: The blower tube is not assembled on this unit. Installation is required to provide safe and easy use for the operator.

⚠ WARNING

If any parts are damaged or missing do not operate this product until the parts are replaced.

Failure to heed this warning could result in serious personal injury.

⚠ WARNING

Do not attempt to modify this product or create accessories not recommended for use with this product. Any such alteration or modification is misuse, and could result in a hazardous condition, leading to possible serious personal injury.

⚠ WARNING

Do not connect to power supply until assembly is complete. Failure to comply could result in accidental starting and possible serious personal injury.

⚠ WARNING

To prevent serious personal injury, make sure the unit is in the OFF position, it is unplugged, and the impellers have stopped before attaching or removing tubes.

TO INSTALL THE BLOWER TUBE

- Slide the blower tube onto the blower.(See Fig.2)
- Twist the blower tube clockwise until the tube locks into position.
- Install tube 1 onto tube 2 and twist clockwise until the tube locks into position.(See Fig.3)

⚠ WARNING

Never operate the blower with the nozzle not fully assembled and locked.

CONNECTING THE POWER CORD TO THE BLOWER

(See Figure 4)

- Insert the power cord (1) in the socket (2) on the back of the blower.
- Push the plug into the socket and turn counter-clockwise until the plug's latch is engaged and secure.

CONNECTING THE BLOWER TO THE BACKPACK BATTERY. (See Fig. 5, 6)

- Insert the plug (1) in the socket (2) – line up the lugs on the plug with the slots in the socket.
- Once the end of the plug is inserted in to the socket, turn the plug clockwise until the latch is engaged and secure.
- Fit cable in the cable (3) duct and wind through the (4) housing – see also "Positioning the Cable".

POSITIONING THE CABLE (See Fig. 7)

The cable can be fitted in different cable ducts. If the power tool is being used with the battery, follow the instructions below:

- If using next to or behind your body, fit the cable (1) in the lateral cable ducts (2) or (3) depending on the tool that you are using and secure into place.

NOTE: Always use the cable outlet at the side in which the power tool is being held and controlled.

⚠ WARNING

To reduce the risk of accidents, never lay the cable diagonally – it may snag on objects.

If the cable is too long, attach it to the retainer on the bag. (See Fig. 8)

FITTING THE HARNESS

ADJUSTING THE HARNESS STRAPS

(See Figure A,B,C,D)

- (A) Pull the ends of the straps downward to tighten the harness.
- (B) Lift the tabs of the adjusters to loosen the straps.
- (C) Close and lock the quick-release fastener by pushing it together.
- (D) Squeeze the hooks to open the quick-release fastener.

English (original instructions)

PUT ON THE SHOULDER STRAP.(See Figure 8)

- Fasten and adjust the waist belt (1) so that it rests comfortably on your hips – thread the end of the belt through the loop (2) – do not let the strap hang down.
- Adjust the harness straps (3) to the correct length.
- Adjust chest strap (4) to correct length and fasten it together.

The back padding must fit firmly and securely against your back.

REMOVING HARNESS

- Open the quick-release fasteners on the waist belt and chest strap.
- Loosen the harness straps by lifting the sliding adjusters and then take off the battery.

THROWING OFF THE MACHINE

⚠ WARNING

The battery must be quickly thrown off in the event of imminent danger. The waist belt and chest strap must be opened before throwing the battery to the ground.

POUCH

Accommodates adapter during work breaks and after finishing work.

OPERATION

⚠ WARNING

Do not allow familiarity with this product to make you careless. Remember that a careless fraction of a second is sufficient to inflict serious injury.

⚠ WARNING

Always wear eye protection with side shields marked to comply with ANSI Z87.1, along with hearing protection. Failure to do so could result in objects being thrown into your eyes and other possible serious injuries.

⚠ WARNING

Do not use any attachments or accessories not recommended by the manufacturer of this product. The use of attachments or accessories not recommended can result in serious personal injury. Before each use, inspect the entire product for damaged, missing, or loose parts, such as screws, nuts, bolts, caps,etc. Tighten securely all fasteners and caps and do not operate this product until all missing or damaged parts are replaced.

HOLDING THE TOOL(See Figure 9)

Operator is wearing proper clothing, such as boots, safety glasses or goggles, ear/hearing protection, gloves, long pants and a long-sleeved shirt. The blower is designed to be operated with one hand. The user can carry it holding the control handle with the left or right hand. Always walk slowly while working. Always check the blowing nozzle outlet area.

STARTING/STOPPING THE BLOWER

Before start-up, make sure that the blower is in perfect condition to guarantee safe operation.

- Squeeze the switch trigger to start.
- To change speed, Press or release trigger by degrees to increase or decrease the speed.

USING CRUISE CONTROL LEVER(See Figure 10)

This blower is equipped with a cruise control function. Please read and understand the function of the Cruise control lever.

- Squeeze the trigger to start the unit.
- Once the unit is on, pull back the lever clockwise to increase the speed. This will lock the speed at the desired setting.
- To decrease the speed, push the lever counter clockwise to decrease the speed to the desired setting.

NOTE: If you decrease the speed all the way, the unit will shut off and step one will need to be repeated.

⚠ WARNING

- To avoid serious personal injury, wear goggles or safety glasses at all times when operating this unit. Wear a face mask or dust mask in dusty locations.
- To prevent serious personal injury or damage to the unit, make sure the blower tube is in place before operating the unit.

OPERATING TIPS

- Ensure that the unit is not directed at anybody or any loose debris before starting the unit.
- Verify that the unit is in good working condition. Make sure the tubes and guards are in place and secure.
- Always hold the unit with both hands when operating.
- To reduce the risk of hearing loss associated with sound level(s), hearing protection is required.
- Operate power equipment only at reasonable hours—not early in the morning or late at night when people might be disturbed. Comply with times listed in local ordinances. Usual recommendations are 9:00 am to 5:00 pm, Monday through Saturday.

English (original instructions)

- To reduce noise levels, limit the number of pieces of equipment used at any one time.
- To reduce noise levels, operate power blowers at the lowest possible speed to do the job.
- Use rakes and brooms to loosen debris before blowing.
- Conserve water by using power blowers instead of hoses for many lawn and garden applications, including areas such as gutters, screens, patios, grills, porches, and gardens.
- Watch out for children, pets, open windows or freshly washed cars, and blow debris safely away.
- Clean up after using blowers equipment.

AIR VENTS

Never cover air vents. Keep them free of obstructions and debris. They must always remain clear for proper motor cooling.

OPERATING THE BLOWER (See Figure9)

Hold the blower firmly. Sweep from side to side with the nozzle several inches above the ground or floor. Slowly advance the unit, keeping the accumulated pile of debris in front of you. Most dry blowing operations are better suited to low speeds, rather than high speeds. High speed blowing is a better way to move heavier items like large debris or gravel.

⚠ WARNING

- To avoid serious personal injury, do not wear loose-clothing or articles such as scarves, strings, chains, ties, etc., that could be drawn into the air vents. Tie back long hair to make sure it does not get drawn into the air vents.
- To avoid serious personal injury, ensure the unit is in OFF position and unplugged before clearing the impeller.
- To avoid serious personal injury, always wear gloves to protect yourself from the impeller blades or other sharp objects.

MAINTENANCE

⚠ WARNING

When servicing use only identical replacement parts. Use of any other parts may create a hazard or cause product damage.

Avoid using solvents when cleaning plastic parts. Most plastics are susceptible to damage from various types of commercial solvents and may be damaged by their use. Use clean cloths to remove dirt, dust, oil, grease, etc.

⚠ WARNING

Do not at any time let brake fluids, gasoline, petroleum based products, penetrating oils, etc. come in contact with plastic parts. They contain chemicals that can damage, weaken or destroy plastic.

⚠ WARNING

Do not attempt to modify this tool or create accessories not recommended for use with this tool. Any such alteration or modification is misuse and could result in a hazardous condition leading to possible serious personal injury.

⚠ WARNING

To avoid serious personal injury, always remove the battery pack from the tool when cleaning or performing any maintenance.

STORING THE BLOWER

Clean the blower thoroughly before storing. Store the blower in a dry, well-ventilated place that is inaccessible to children. Keep away from corrosive agents such as garden chemicals and de-icing salts.

- Store and charge your batteries in a cool area. Temperatures above or below normal room temperature will shorten battery pack life.
- Once the light on the charger turns solid green, remove the battery from the charger and disconnect the charger from the outlet.
- Do not store the battery pack on the tool.
- Never store batteries in a discharged condition. Wait for battery pack to cool and fully charge immediately.
- All batteries gradually lose their charge. The higher the temperature, the quicker they lose their charge. If you store your unit for long periods of time without using it, recharge the batteries every month or two. This practice will prolong battery pack life.

English (original instructions)

DISPOSAL

Waste electrical products should not be disposed of together with household waste. Please recycle where facilities exist. Check with your local authority or retailer for recycling advice.

Separate collection of used products and packaging allows materials to be recycled and used again. Re-use of recycled materials helps prevent environmental pollution and reduces the demand for raw materials.

At the end of their useful life, discard batteries with due care for our environment. The battery contains material which is hazardous to you and the environment. It must be removed and disposed of separately at a facility that accepts lithium-ion batteries.

English (original instructions)

TROUBLESHOOTING

| PROBLEM | POSSIBLE CAUSE | SOLUTION |
|----------------------|-------------------------|---|
| Unit will not start. | Battery is not secure. | Check to ensure the latches are tightly secured in to place on the back of the blower and the battery. (Reference in the instruction manual). |
| | Battery is not charged. | Charge the battery pack according to the instructions included with your battery. |
| | Defective power switch. | Return to place of purchase or return the unit to a repair center. |
| Unit will not blow. | Blocked tube. | Clear the blockage. |
| | The screw is loose. | Tighten the screw with a phillips head screwdriver. |

Politique de garantie de Greenworks Tools pour les outils de bricolage

PÉRIODE DE LA GARANTIE

Tous les nouveaux outils Greenworks Tools sont livrés avec une garantie de 2 ans protégeant l'outil contre les défauts de matériau et main d'œuvre à partir la date d'achat originale. Une garantie de 30 jours est disponible pour les outils utilisés à titre professionnel, car les outils Greenworks sont principalement conçus pour être utilisés par des bricoleurs.

Cette garantie est inaccessible.

LIMITATIONS

Cette garantie s'applique uniquement aux pièces/composants défectueux et ne couvre pas les réparations dues à :

1. L'usure normale.
2. Une amélioration ou un réglage de routine.
3. Les dommages causés par une manutention inadéquate/un abus/une utilisation inadéquate ou une négligence.
4. Une surchauffe due à une manque de maintenance.
5. Les dommages dus à des fixations/installations se desserrant/détachant en raison d'un manque de maintenance.
6. Les dommages causés par un nettoyage à l'eau.
7. Les outils entretenus ou réparés par un centre de réparation non agréé par Greenworks Tools.
8. Les outils assemblés ou réglés de manière incorrecte.
9. Les dommages causés par une utilisation inadéquate de l'outil.
10. Les dommages causés par un aménagement pour l'hiver inadéquat (nettoyeur à haute pression).
11. Les éléments considérés par des consommables ne sont pas normalement couverts par la garantie, cela inclut mais ne se limite pas aux éléments suivants :

- Piles
- Câbles électriques
- Lames et assemblages des lames
- Courroies
- Filtres
- Mandrins et supports pour outils

12. Certains produits peuvent contenir des composants comme des moteurs, des transmissions d'un autre fabricant, ces éléments sont soumis à la politique de garantie du fabricant respectif, sauf si Greenworks Tools Europe GmbH accepte de garantir des réparations en dehors de la période de garantie dudit fabricant.

13. Les outils d'occasion ne sont pas couverts par cette politique de garantie.

14. L'installation des pièces de rechange ou accessoires supplémentaires non fournis ou approuvés par Greenworks Tools Europe GmbH.

Garantie

Une preuve d'achat est requise pour faire valoir la garantie d'un produit lié à cette politique. Le relevé de carte de crédit ne constitue pas une preuve d'achat suffisante. En cas de problème couvert par la garantie, le consommateur doit apporter le produit et sa preuve d'achat au lieu d'achat original. L'appareil sera par la suite expédié à un centre de réparation afin d'être examiné. En présence du dommage, l'appareil sera réparé et renvoyé gratuitement à l'adresse du consommateur. Il convient de noter que les appareils dont le prix de vente est inférieur à 100 € euros (TTC) sont généralement remplacés par un produit neuf.

Si le centre de réparation juge que l'appareil n'est pas défectueux, il avertira le consommateur qu'il devra payer le coût de la réparation.

Cette politique de garantie est soumise à des modifications régulières, celles-ci visent à s'adapter aux nouveaux produits. Une copie de la politique de garantie est disponible à l'adresse www.greenworkstools.eu.

Greenworks Tools Warranty Policy for DIY machines

PERIOD OF WARRANTY

All new Greenworks Tools machinery is supplied with a 2 year parts and labour warranty from original date of purchase. A 30 day warranty is available for machines used professionally as Greenworks Tools are designed primarily to be used by DIY consumers.

This warranty is non-transferable.

LIMITATIONS

This warranty applies only to defective parts/components and does not cover repairs due to:

1. Normal wear and tear.
2. Routine tune up or adjustment.
3. Damage caused by improper handling/abuse/misuse or neglect.
4. Overheating due to lack of maintenance.
5. Damage due to fittings/fasteners becoming loose/detached through lack of maintenance.
6. Damage caused by cleaning with water.
7. Machines serviced or repaired by non-authorised Greenworks Tools service centres.
8. Machines incorrectly assembled or adjusted.
9. Damage caused by improper use of the machine.
10. Damage caused by improper winterisation (pressure washers)
11. Items considered as consumable parts are not normally covered by the warranty, including but not limited to:
 - Batteries
 - Electric cables
 - Blade and blade assemblies
 - Belts
 - Filters
 - Chucks and tool holders
12. Certain products may contain components such as engines, transmissions from an alternative manufacturer, these items will be subject to the appropriate manufacturer's warranty policy except where Greenworks Tools Europe GmbH agrees to underwrite any claims outside the said manufacturer's warranty period.
13. Second hand goods are not covered under this warranty policy.
14. The fitting of spares, replacements or extra components which are not supplied or approved by Greenworks Tools Europe GmbH.

Warranty

To claim a warranty on any product under this policy a proof of original purchase is required. Credit card statement do not qualify as sufficient proof of purchase. In the first instance of a warranty event occurring the consumer should return the product to the original place of purchase with their proof of purchase. The machine will be sent to our central service facility and an inspection made. If the machine be found to be at fault it will be repaired and sent back to the address of the consumer free of charge. Machines that retail for less than €100 euros including sales taxes will generally be replaced.

If the central service facility finds that machine is not found to be at fault then the consumer will be advised they will need to pay for the cost of the repair.

This warranty policy is subject to change from time to time to accommodate the needs of new products. A copy of the latest warranty policy will be available at www.greenworkstools.eu.

Greenworks Werkzeuggarantie für Heimwerkergeräte

GEWÄHRLEISTUNGSFRIST

Alle neuen Greenworks Werkzeuge sind mit einer 2 Jahre Garantie auf Teile und Arbeit ab Kaufdatum ausgestattet. Eine 30 Tage Garantie ist für Maschinen im professionellen Einsatz verfügbar, weil Greenworks Werkzeuge hauptsächlich für den Einsatz durch Heimwerker konstruiert sind.

Diese Garantie ist nicht übertragbar.

EINSCHRAENKUNGEN

Diese Garantie gilt nur für defekte Teile/Komponenten und deckt keine Reparaturen aufgrund von:

1. Normaler Abnutzung.
2. Routinewartungen oder Einstellungen.
3. Durch falsche Handhabung/Missbrauch/Fehlanwendung oder Vernachlässigung verursachte Schäden.
4. Überhitzung aufgrund von fehlender Wartung.
5. Schäden aufgrund von durch fehlende Wartung lockeren/gelösten Anschlüssen/Befestigungen.
6. Durch Reinigung mit Wasser verursachte Schäden.
7. Maschinen die nicht von einem autorisierten Greenworks Kundendienst gewartet oder repariert wurden.
8. Maschinen die falsch montiert oder eingestellt wurden.
9. Schäden aufgrund falscher Benutzung der Maschine.
10. Schäden aufgrund von falscher Winterreinigeranwendung (Hochdruckreiniger).
11. Elemente die als Verschleißteile betrachtet werden sind normalerweise nicht von dieser Garantie abgedeckt, einschließlich, aber nicht beschränkt auf:
 - Akkus
 - Elektrische Kabel
 - Klingen und Klingeneinheiten
 - Bänder
 - Filter
 - Spannfutter und Werkzeughalter
12. Bestimmte Produkte können Teile wie Motoren, Getriebe von anderen Herstellern enthalten, diese Elemente unterliegen der entsprechenden Herstellergarantie, außer in Fällen wo Greenworks Tools Europe GmbH zustimmt Ansprüche außerhalb der genannten Herstellergarantiefrist zu akzeptieren.
13. Gebrauchte Waren sind nicht von dieser Garantie abgedeckt.
14. Die Montage von Ersatzteilen oder zusätzlichen Teilen die nicht von Greenworks Tools Europe GmbH geliefert oder zugelassen sind.

Garantie

Für einen Gewährleistungsanspruch auf ein Produkt unter dieser Garantie ist ein Original-Kaufbeleg erforderlich. Kreditkartenauszüge sind als Kaufbeleg ausreichend. Im Falle eines Garantiefalls sollte der Kunde das Produkt zuerst mit dem Kaufbeleg zu ein Einkaufsort bringen. Die Maschine wird an unsere zentrale Serviceeinrichtung gesendet und dort überprüft. Wenn die Maschine fehlerhaft ist, wird sie repariert und kostenfrei an die Kundenadresse gesendet. Maschinen die für unter 100 € einschließlich Mahrwertsteuer verkauft werden, werden generell ersetzt.

Wenn die zentrale Serviceeinrichtung feststellt, dass die Maschine nicht ursächlich für den Fehler ist, wird der Kunde informiert, dass er die Kosten der Reparatur zu tragen hat.

Änderungen dieser Garantie sind vorbehalten, um neue Produkte einzubeziehen. Eine Kopie der aktuellen Garantie ist verfügbar auf www.greenworkstools.eu.

La política de garantía de Greenworks Tools para máquinas de bricolaje

PERÍODO DE GARANTÍA

Todas las máquinas nuevas de Greenworks Tools se suministran con 2 años de garantía para las piezas y el trabajo a partir de la fecha de compra original. Hay disponible una garantía de 30 días para las máquinas de uso profesional, ya que las herramientas de Greenworks Tools son diseñadas principalmente para ser utilizadas por consumidores DIY.

Esta garantía no es transferible

LIMITACIONES

Esta garantía solo se aplica a piezas/componentes defectuosos y no cubre las reparaciones debido a lo siguiente:

1. Uso y desgaste normal
2. La puesta a punto o ajuste
3. El daño causado por un manejo inadecuado/abuso/mal uso/negligencia.
4. El sobrecalentamiento debido a la falta de mantenimiento.
5. El daño debido a que los accesorios/sujeciones se han aflojado/soltado por culpa de una falta de mantenimiento.
6. El daño causados por una limpieza con agua.
7. Las máquinas a las que le ha hecho el mantenimiento o la reparación un centro de servicios no autorizado por Greenworks Tools.
8. Las máquinas mal montadas o mal ajustadas.
9. El daño causado por un uso inadecuado de la máquina.
10. El daño causado por un mal acondicionamiento para el invierno (lavados a presión)
11. La garantía no suele cubrir los elementos considerados piezas consumibles, incluido, entre otras cosas, lo siguiente:

- Pilas
- Cables eléctricos
- Cuchillas y conjuntos de cuchillas
- Cinturones
- Filtros
- Portaherramientas

12. Algunos productos pueden contener componentes como motores o transmisiones de un fabricante alternativo; estos elementos estarán sujetos a la política de garantía del fabricante correspondiente excepto en los casos en que Greenworks Tools Europe GmbH acuerde asumir cualquier reclamación fuera del periodo de garantía de dicho fabricante.

13. Los artículos de segunda mano no los cubre la presente política de garantía.

14. La colocación de piezas de repuesto o componentes adicionales no suministrados ni autorizados por Greenworks Tools Europe GmbH.

Garantía

Para solicitar una garantía sobre cualquier producto cubierto por esta política hay que presentar la prueba de compra original. El comprobante de la tarjeta de crédito no constituye una prueba de compra suficiente. En primer lugar, en caso de garantía, el consumidor debe devolver el producto al lugar original donde lo compró con su prueba de compra. La máquina será enviada a nuestras instalaciones de servicio centrales, donde se le hará una inspección. Si se descubre que la máquina tiene un fallo será reparada y enviada de vuelta a la dirección del consumidor sin coste alguno. Las máquinas que cuesten menos de 100 €, impuestos de ventas incluidos, suelen ser sustituidas.

Si en las instalaciones de servicio centrales se descubre que la máquina no tiene ningún fallo, se avisará al consumidor que tiene que pagar el coste de la reparación.

Esta política de garantía está sujeta a variaciones periódicas para adaptarse a las necesidades de nuevos productos. Habrá disponible una copia de la última política y garantía en www.greenworkstools.eu.

Greenworks Tools garanti för hobbymaskiner

GARANTIPERIOD

Alla nya Greenworks Tools verktyg garanteras i 2 år gällande delar och sammansättning från ursprungligt inköpsdatum. Det finns en 30 dagars garanti för maskiner som används yrkesmässigt eftersom Greenworks Tools är primärt designade för användning av hobbykonsumenter. Denna garanti kan inte överlätas.

BEGRÄNSNINGAR

Denna garanti omfattar enbart defekta delar/komponenter och täcker inte reparationer på grund av:

1. Normalt siltage.
2. Regelbundet underhåll och justering.
3. Skada som uppkommit på grund av felaktig hantering/vanvård/missbruk eller försommelse.
4. Överhettning på grund av uteblivet underhåll.
5. Skada på grund av att fästen/låsanordningar blivit lösa/har lossnat på grund av uteblivet underhåll.
6. Skada orsakad av rengöring med vatten.
7. Maskiner där underhålls- eller reparationsarbete har utförts av icke auktoriserat servicecenter för Greenworks Tools.
8. Maskiner som har monterats eller justerats felaktigt.
9. Skada på grund av felaktig användning av maskinen.
10. Skada på grund av felaktig vinterförvaring (högtryckstvätter)
11. Objekt som anses vara siltage- och förbrukningsdelar tomfattas normalt inte av garantin, inklusive utan begränsning:
 - Batterier
 - Strömkablar
 - Blad och bladanslutning
 - Remmar
 - Filter
 - Chuckar och verktygshållare
12. Vissa produkter kan innehålla komponenter som motorer, växellådor eller liknande från andra tillverkare. Sådana komponenter om fattas av respektive tillverkares garanti förutom då Greenworks Tools Europe GmbH samtycker till att hantera eventuella krav som ligger utanför ovannämnda tillverkares garantiperiod.
13. Begagnade varor omfattas inte av denna garanti.
14. Användning av reservdelar, utbytesdelar eller ytterligare komponenter som inte levereras eller godkänts av Greenworks Tools Europe GmbH.

Garanti

För garantikrav för någon produkt enligt denna garanti krävs bevis på ursprungligt inköp. Kredit-/betaalkortsutdrag gäller inte som inköpsbevis. I första skedet av ett garantikrav ska kunden returnera produkten till den ursprungliga inköpsplatsen tillsammans med inköpsbevis. Maskinen skickas till vår centrala serviceanläggning för inspektion. Om maskinen befinner varfelaktig repareras den och skickas tillbaka till kundens adress utan någon kostnad. Maskiner som kostar under 100 EUR inklusive moms byts oftast ut.

Om vår centrala serviceanläggning inte finner att maskinen är felaktig kommer kunden att meddelas vad deras kostnad blir för reparationen.

Denna garanti kan ändras från tid till annan av hänsyn till behov gällande nya produkter. En kopia av senaste garantin finns tillgänglig på www.greenworkstools.eu.
